Sacramento, CA 95814

### ***DUE DATE CLARIFICATION FOR THE SUBMITTAL OF THE 2019 AND 2020 NITROGEN MANAGEMENT PLAN SUMMARY REPORT EVALUATIONS***

Thank you for your letter dated 6 March 2019 requesting clarification of due dates for the Nitrogen Management Plan Summary Report Evaluation (Evaluation) submittals. The recently adopted revisions to Waste Discharge Requirements for Growers within the Sacramento River Watershed, Order R5-2014-0030-06 (Order) do not specify due dates for the 2019 or 2020 Evaluations.

In your letter you requested a due date of 30 November for the 2019 and 2020 Evaluations, describing how this will allow your consultant time for the following:

- Ensure the accuracy of Member submittals,
- Perform data analysis,
- Interpret and organize the results, and
- Provide Members with individual feedback in time to inform their nitrogen planning for the next crop year.

Based on this information, I approve your request for **30 November** due dates for the 2019 and 2020 Evaluations.

If you have any questions regarding this letter, please contact Rebecca Tabor at (530) 226-3458 or by email at [Rebecca.Tabor@waterboards.ca.gov](mailto:Rebecca.Tabor@waterboards.ca.gov).

Sincerely,

***Original signed by:***
